Below are some answers to questions that Sport Taranaki has been asked on Tū Manawa Active Aotearoa.

1. *Can organisations apply for more than one programme in one round, if both programmes equate to \$10,000 in total?*
  - Yes
2. *Can organisations apply for more than one programme in a round if they fit under different physical domains e.g. sport, active recreation and play?*
  - Yes, but only a maximum of two 'live' applications, per organisation.
3. *Can organisations apply for equipment, clothing, travel, food and other miscellaneous costs?*
  - Yes, but organisations will need to provide further information as to why this is a barrier to the programme. We will expect the following questions to be answered in a narrative.
    - How was this funded previously?
    - Who would miss out if funding was declined?
    - Would the programme still go ahead without this funding?
    - How is this a barrier to your programme?

- *If organisations are claiming food, they will need to identify the need and relevance of the food.*

*Schools would also be expected to provide information as to how they are using their direct KiwiSport fund to support / compliment this programme.*

*4. Can organisations apply for funding if they have 'live' applications?*

- *Yes, but to a maximum of \$10,000 per domain eg Play, Sport, Active Recreation and only two 'live' applications per organisation.*
